TOWN COMMITTEE OF THE  
NEW HAMPSHIRE HIGHWAY SAFETY COMMITTEE

Ralph Boutwell, Chairman  
Albert D. Nolin, Selectman  
John Woodbury, School Board

John Newcomb, Police Officer  
Albert R. Harris  
Maurice Picard

## MINUTES OF TOWN MEETING - MARCH 12, 1968

Excepting sections appearing elsewhere in this Town Report

Moderator, Frederick Houle, opened meeting at 7:30 P. M., March 14, 1968.

The Budget, Article 1, was taken up item by item, at the end of which it was voted that the sum of \$183,296.92 be accepted as the total Town Budget figure.

Article 6, to see if the Town would vote to adopt an ordinance banning overnight parking on the streets between December 15 and April 1 of each year, was moved that no action be taken because there is already a like recorded ordinance of the Town, and it passed in the affirmative.

Article 7, authorizing the Selectmen to construct a Fire/Police Building on land at the intersection of Marsh and Nashua Roads, brought much discussion, but was finally lost.

Article 8, to raise money for the above mentioned purpose was passed over.

Article 9, to set up a Capital Reserve Fund for the future construction of such a building was lost.

Article 10, to construct a Civil Defense shelter within the proposed Fire/Police Building, was passed over.

Article 11, having to do with the disposal of the present Fire Station, was passed over.

Article 12, to commit the balance of the Fire Department appropriation to a Capital Reserve Fund to be used for the purchase of a fire truck, passed in the affirmative.

Article 13, raising \$750 for the Greater Salem Community Mental Health Association, was passed, in the affirmative.

Article 14, proposing the purchase of a snow plow and wing assembly, passed in the affirmative.

Article 15, having to do with Greenwood Terrace, was passed over.

Article 16, authorizing the Selectmen to appoint a committee of five to investigate the possibility of establishing a Town Highway Department, was passed in the affirmative.

Article 17, to transact any other business that may come before the meeting, contained a motion that the Fire/Police Station Committee be given a vote of confidence for their diligent work on this committee, and this was done.

The meeting was adjourned at 11:59 P. M.

## NOTICE

On Town Meeting day, March 11, 1969, the polls will be open for voting from ten o'clock in the morning, until eight o'clock in the evening. Articles of the Warrant will be taken up on March 13, 1969 at 7:30 in the evening. Both meetings will be held in the E. G. Sherburne Auditorium.

# DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

## SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 17, 1969

Board of Selectmen  
Pelham, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Pelham for the fiscal year ended December 31, 1968, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given to the Town Clerk as part of the permanent records.

### SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Cemetery Trustees, Library and Municipal Court. The accounts of the Trustees of Trust Funds were not completed at the time of audit. A separate report will be issued as soon as these accounts are audited.

### FINANCIAL STATEMENTS

Comparative Balance Sheets: December 31, 1967 - December 31, 1968: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1967 and December 31, 1968, are presented in Exhibit A-1. As indicated therein, the Surplus increased by \$10,577.85 from \$33,599.49 to \$44,177.34 in 1968. Inasmuch as there were no outstanding bonds or long term notes, the Balance Sheet Surplus of \$44,177.34 represented the Current Surplus (excess of total assets over current liabilities) as of December 31, 1968.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1968, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$7,997.93, plus a net unexpended balance of appropriations of \$2,325.87, resulted in a net budget surplus of \$10,323.80.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1968, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1968, is indicated in Exhibit B-2.

Cemetery Trustees' Accounts: (Exhibit F-1)

A statement of the activity in the Cemetery Trustees' Accounts for the fiscal year is presented in Exhibit F-1.

Public Library Trustees' Accounts: (Exhibit G)

The activities of the Library Accounts is presented in Exhibit G.

Municipal Court: (Exhibit H)

A statement of the accounts of the Municipal Court is contained in Exhibit H.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipts and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements submitted by depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Tax Collector:

There were, as of December 31, 1968, unredeemed taxes from the tax sales of the Levies of 1965 and prior years as follows:

Levy of 1965	\$ 18.87
Levy of 1964	326.68
Levy of 1963	436.59
Levy of 1960	<u>404.15</u>
	\$1,186.29

It is again recommended that inasmuch as the two year period provided by law in which redemptions from tax sales may be made has expired on these unredeemed taxes, a Tax Collector's deed should be given to the town for all the properties involved.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Pelham for their assistance during the course of the audit.

Yours very truly,

O. Maurice Oleson  
Director

DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Pelham for the fiscal year ended December 31, 1968. In our opinion, the Exhibits included herewith present fairly the financial condition of the Town as of December 31, 1968, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

O. Maurice Oleson  
Director

DIVISION OF MUNICIPAL ACCOUNTING

## REPORT OF HIGHWAY AGENT

It has been a pleasure serving this community as Highway Agent for the past year.

The funds, appropriated for summer maintenance, were spent in removal of walls on Jeremy Hill Road, Wharf Road, Bowman Lane and cutting corners. This provides better visibility, drainage and wider roads for plowing back snow, also installation of culverts, grading all gravel roads and cutting drainage ditches along shoulders, blasting, cutting grass and brush, tree removal, repairing washouts, graveling roads, and cold patching all roads to keep them in good repair.

Resealing is a process of putting a sealer coat on roads, merely to hold them together, not a remedy for poor roads such as Wharf Road, Sherburne Road, Ledge Road and others, which should be considered for reconstruction. Approximately one-third of all roads are resealed each year in rotation.

Winter maintenance is the largest appropriation due to the fact more roads are constructed every year and demands are greater. Due to the severe sleet and ice storms of this year, a large amount of salt was needed to clear the roads of these hazardous conditions.

New Construction - Tarring was delayed on Currier Road because poles could not be moved until the Telephone strike was settled. Other roads constructed were Greenwood Terr., part of Simpson Road and graveling Robinson Road.

A major portion of each work week was devoted to town work and repairs, and as problems arose, they were taken care of quickly as possible.

Respectfully submitted,

GEORGE M. NESKEY  
Highway Agent

#### REPORT OF THE HIGHWAY DEPARTMENT STUDY COMMITTEE

This is a report of the committee appointed by the Selectmen as authorized by the 1968 Town Meeting in compliance with Article 16. "To see if the Town will vote to authorize the Selectmen to appoint a committee of five to investigate the possibility of establishing a Town Highway Dept. and to render a report on their findings at the next annual Town Meeting."

At a meeting of the Board of Selectmen the following were appointed to this committee: Donald Burton, Arnold Balcom, George Neskey, Albert Maki, and Robert Fletcher with Albert Nolin representing the Selectmen.

First meeting, Arnold Balcom was elected Chairman and Robert Fletcher was elected Secretary. It was suggested we secure information from the New Hampshire Municipal Association concerning towns with full-time Highway Departments.

At the meeting held on Sept. 23, 1968, discussion centered around New Hampshire Municipal Association information, and we decided to contact Selectmen where there was a full-time Highway Dept.

On November 27, 1968, Frank Nutting, from the Hudson Board of Selectmen, attended and was very helpful in our discussions.

At our meeting on Jan. 8, 1969, we came up with some conclusions to all our discussions: We feel there is a need for a full-time Highway Dept. consisting of a qualified foreman and some equipment, land and a suitable building to house a truck and such other equipment that might be purchased. However, the Town will have to be prepared to pay a satisfactory wage and benefits before they can start such a Dept. The amount of equipment required will determine the number of other employees needed. There actually is enough heavy equipment owned locally that can be hired to handle major construction. It is the small day-to-day problems that need to be taken care of, such as patching, cleaning catch basins, culverts and ditches, cutting brush and dead trees, erecting street signs (new and replacing ones that have been damaged by vandals) and directional signs. Also preparation and planning for New Construction Projects and roads to be resealed. This could even include inspection of roads being constructed in new developments.

We hope the town will take some action to establish a full-time Highway Dept., so that our roads will get the attention they need.

ROBERT E. FLETCHER  
DONALD E. BURTON  
A. J. MAKI  
ARNOLD V. BALCOM  
GEORGE M. NESKEY

## REPORT OF BOARD OF ADJUSTMENT

The Board of Adjustment meets regularly on the second Monday of each month to hear any appeals submitted. In order to be heard, the application must be in the hands of the Clerk of the Board not later than ten days before the next scheduled meeting, together with a fee of ten dollars, which is the charge for an appeal. Public notice is given in the Nashua Telegraph and posted in the Post Office and the Town Hall ten days prior to the hearing, and personal notice is sent to the applicant and to the abutters.

During the year, seventeen cases were posted for hearing, and \$140.00 turned over to the Treasurer for fees on fourteen of them. The other three cases were not charged for various reasons. Of these, eleven cases were granted, three were denied, one was not heard, and no decision found in two of the cases.

Haven Strout was Chairman of the Board; Willis Atwood, Vice-Chairman; Fabien Chaisson, Clerk part of the year; and Delmar Parent, Clerk part of the year; James Gannon, the remaining member. Harold Pitts acted as an Alternate to the Board during the year, and Charles Bernard was also an Alternate until late in the year, when he was named as a full member to the Board.

## REPORT OF FOREST FIRE WARDEN & DISTRICT CHIEF

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result - escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn - -
  - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
  - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders between 9:00 A.M. and 5:00 P.M.
  - c. Have equipment on hand to control the fire before you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

Forest fire record for 1968:

	<u>Number of Fires</u>	<u>Woodland acres burned</u>
State	593	349
District	166	147-1/2
Town	23	4-1/2

## POLICE DEPARTMENT

To the Honorable Board of Selectmen:

I herewith submit my annual report of the activities of the Pelham Police Department from January 1, 1968 through December 31, 1968.

This 1968 report shows a noticeable increase in all activities, criminal, motor vehicle and otherwise. Several juveniles were investigated by this department for various offenses, and matters disposed of without formal court action. This was accomplished mostly by the cooperation of the parents involved.

We have also seen an enormous increase in population during the past year. According to a statistical report made by the New Hampshire Municipal Association, Pelham has grown 99.6% in eight years (2,595 more people). Pelham is second highest in comparable rate in Hillsborough County! With this growth, the town demands an intensification of work by the police department. I have requested a sum of money so that a man may be on duty at the station on the weekends, preferably 8 hours per day. The Budget Committee felt that we could begin with 4 hours per day. During the weekends, many calls are handled. Persons come to the station requesting information, needing assistance, and then there are those calls which are emergencies. I still feel that in order for this to be beneficial, we need the eight hour coverage. Calls are handled all day, not just between the hours of 10 and 2.

We are not requesting additional help on the 1969 budget, as we are fully aware of the needs of all departments in the town. This is also the reason I have discarded the idea of a suitable medical/hospitalization plan for our regular officers. However, our 1970 budget will include a request for an additional officer.

It had been requested by both Budget Committee and Selectmen last year, that I propose a pay scale. The Budget Committee reduced it, but I would like to point out that the figures which I compared were last year's, so we are still out of line in comparison with towns of our size in the area. There was some question about a couple of these towns being little cities. The towns in question do project a small city image, but in area the business districts measure no more than a quarter of a mile from end to end. Beyond those points, it is wide open country. If our businesses were in a congested area, we also would give off the impression of a small city. We have about 100 places of business in town, 40 of these establishments are located on Rte. 38, between the state line and the traffic light. The doors of all these must be checked nightly. In doing this survey, I contacted Chiefs of the various towns and in comparing the figures in our logs, I find that Pelham is slightly higher. Possibly because we are a border town. We had an increase of 900 calls over last year's.

I have asked for a raise for the Special Officers. The present rate is \$1.70 an hour and I am asking for \$2.00. I don't feel that this is too much when towns right next to us are receiving \$2.50 an hour. We must also consider that these men have to buy their own uniforms and equipment. The Budget Committee deleted the increase so as to let the townspeople either approve or disapprove. I have also asked for money to refinish the interior of our present station to make it more presentable. If the money is available, I feel sure we can get the Officers to do the work.

Our newest Regular Police Officer, Wayne Bariteau, attended the State Police Training School for three weeks during May. This school was conducted at the National Guard Armory in Concord, N. H. Presently some of our Officers are attending a Police School in Pepperell, Mass.

We received the new 1968 Police Cruiser, as authorized by Town Meeting in March. It has given us satisfactory performance. Many additional miles are being recorded due to the growth of our town and expansion into rural areas. It has served the town when our other cruiser has been out of town, etc. One example is the need for the second vehicle while a search was being conducted for the recent missing airplane.

I would like again to thank the Police Relief Association for their generous gifts to the Police Department during the year. The Association has completely equipped the new cruiser with its needed accessories, including a Motorola Motrac transistor radio valued at \$950. This unit is never shut off and requires less repairs. The dome light and siren are also part of their gift to the town. Our present radio system in the other cruiser should be replaced.

Once again, I wish to respectfully submit my urgent request for a new Public Safety Building, to house both Police and Fire Department. Both departments are operating in extremely cramped quarters. I stress the importance of a new building for both departments or a separate building for each as soon as possible.

In conclusion, I would like to thank the citizens of Pelham and all branches of Town Government for the cooperation extended to this department. I have enjoyed an excellent working relationship with the Board of Selectmen.

Respectfully submitted,

RALPH S. BOUTWELL  
Chief of Police

The Following is the Number and Types of Calls Attended in 1968:

Miscellaneous Calls - 1968

Miscellaneous Assistance	2,495	Money Transfers to Banks (town, school, liquor store & business)	656

EDWIN M. HARTZ, Clerk

## CIVIL DEFENSE DIRECTOR'S REPORT

During 1968, classes sponsored by Civil Defense were conducted by David B. Tuttle, our Radiological Officer. The following personnel completed the course: Regular Officer, Wayne Bariteau; Special Officers, Lt. Alton Hodgman and Officer John Newcomb; Auxiliary Officers, Raymond Dupuis, Raymond Malburne, Stuart Nash and Mrs. Sue Dupuis; Mr. Ralph Guerin, Mr. George Mosson, Mr. Harry G. Nyman and yours truly. We have received two Shelter Monitoring Instrument Kits. They are designed to be used in Fallout shelters, and will supplement our 3 Fixed Radef Stations in Town.

Our two Fallout Shelters have been stocked with Emergency Rations and Medical Supplies for a two week period per designated shelter space. St. Patrick's Hall has 77 spaces and Memorial School 144. With a population of over 5,000 people, it is obvious that our shelter facilities are inadequate. Therefore, I urge everyone to support fallout protection in all future construction of public buildings in Pelham.

Our Communications Annex (RACES) meets every Tuesday evening to participate in a State-wide Radio Net. They receive and send messages pertaining to Civil Defense activities. We also participated in two State and Regional Communications Exercises designed to test a Communities Warning System. The messages were received via radio from C. D. headquarters in Concord, N. H., and by phone from the NAWHS station in Nashua.

The Auxiliary Police Annex continues to be very active in assisting the Regular Police where and whenever assistance is required, such as church duty, extra man in the cruiser, etc. During this past year, the Auxiliary Police and the Rescue truck assisted for the Fourth of July celebration and Trick or Treat and Halloween nights. On one occasion this year, at the request of Lt. Hodgman who was on regular duty, the Rescue truck, manned by Officer John Newcomb, was dispatched to an accident. With the use of the Porta-Power tool (donated by the Lion's Club) the vehicle was freed and shortly on its way. On another occasion, Officer Newcomb, manning the Rescue truck, assisted at a fire in North Pelham.

In addition to their regular monthly meetings, the Auxiliary Police have been scheduled to man the Rescue truck on Court nights and patrol the Town. This drill serves two purposes; it supplements for the cruiser, which can be tied up at the Town Hall, and it is a good exercise for both men and equipment.

On one of these patrols, they assisted a stranded motorist in foul weather who had a flat tire and no jack. On another occasion, at the request of a resident on Nashua Road, an Auxiliary assisted in the search for a downed aircraft in woods behind the resident's home.

Progress in improving the Rescue truck continues. Although it is operational, there is much work yet to be done. This past year, with Civil Defense funds, the Auxiliary purchased a new 115/230V 2500 Watt Portable Alternator, a 20 lb. Tri-class fire extinguisher and 12 Riot Guard Police Helmets. This year, our plans were to purchase a Resuscitator for the truck and a pair of portable radios, however, due to a \$500. cut in our C. D. budget request, it is doubtful that this goal will be achieved. Pelham's population is increasing rapidly and so will the need for emergency equipment. We should continue to support a program for the gradual build-up of our resources.

At this time, I would like to thank publicly Mr. Maurice Bisson of Pelham Hardware for his generous donation of three Sportsman lanterns, a sledge hammer, a shovel, 100 ft. of manilla rope and assorted hardware for use in the Rescue truck. Anyone desiring to make a contribution should contact the C. D. Director or Ralph Boutwell, Chief of Police.

We are in the process of establishing a Basic Emergency Operation Plan and Service Annexes in compliance with Chapter 107 of the N. H. Civil Defense Act. The Annexes are: Warning, Fire, Increased Readiness, Communications, Radiological Defense, Welfare, Police, Rescue, Shelter, Supply, Engineering, Transportation, Health-Medical and Public Information. When completed and approved by the Board of Selectmen, it will become our Official Plan for future emergencies. The biggest problem in implementing such a plan is finding enough people who are willing and able to donate their talents and efforts in C. D. Any citizen interested in our Civil Defense activities and who wish to participate are urged to contact me at once.

As your new C. D. Director, I wish to extend my sincere thanks to all for the assistance and cooperation received during my first year. With your continued support, our Civil Defense Program will flourish and benefit everyone.

Respectfully submitted,

MAURICE E. NANTEL, C. D. Director  
JOHN E. NEWCOMB, Deputy Director

## LIBRARY TRUSTEES' REPORT

In keeping with the growing needs of the town for library service, particularly to the school children of both elementary and high school level, open hours were extended to include Saturday morning during the school year. If approval is gained at the annual Town Meeting, we propose to be open an additional two hours a week in 1969.

During the latter part of the past year, an order was placed for book stacks to replace all existing wooden stacks in the rear room. Delivery is expected early in 1969.

Open hours for the Library now are as follows:

MONDAY	2 - 5, 7 - 9 P. M.
TUESDAY	7 - 9 P. M.
WEDNESDAY	2 - 5, 7 - 9 P. M.
THURSDAY	7 - 9 P. M.
SATURDAY	10 - 12 A. M. during school year.

Respectfully submitted,

PETER D. BLACK, Chairman  
RICHARD W. DERBY, Secretary  
DOROTHY A. HARDY, Treasurer

# PELHAM PUBLIC LIBRARY

## LIBRARY CIRCULATION FOR THE YEAR OF 1968

Town Books	17,777
Bookmobile Books	3,565
State Library Special Requests	201

A summer reading program was instituted for any interested child. The child was given a special clown book mark, and a blank was furnished in order to list the fifteen books that were to be read. The children chose their own books. A small party was held in August, and clown decorated diplomas and pins were awarded to the graduates.

A story hour series was held both Spring and Fall. Twenty-four colorful carpet samples were donated by a generous citizen. The children used them as cushions, while sitting on the floor, listening to the story.

Again a state-grant-in-aid of \$100.00 was awarded. It was used toward the purchase of the Encyclopedia Britannica.

Donations of books, hard cover and paperbacks, and magazines have been accepted throughout the year.

Our three scrapbooks of town news from local newspapers has grown and patrons have shown an interest in Pelham's current history.

The local public schools have been making regular trips to the library starting in the late fall. Books are selected - then the new visitors receive a short history of the library. On later visits, the children have a short story-telling session.

Early in the fall, our local kindergarten brought their classes for their annual field trip to the library.

Parochial school sisters have checked our selection, and teachers make monthly withdrawals. We received a donation of records for the first time from a major record company. Some are seconds, but patrons may obtain many hours of listening pleasure.

A ten week Spring course was given at Durham on Public Library Administration to which I attended.

This report closing with a hope for continued and improved library service to the community.

Respectfully submitted,

DORIS PARKER  
Librarian

## ANNUAL REPORT OF PELHAM RECREATION COMMISSION

It is with pleasure I submit the annual report of the Recreation Commission.

Henry Goyette and Maurice Picard became Commissioners with the leaving of James Fenton and Mrs. Thelma Boutwell. We wish to recognize this year of service by these citizens in their long-standing interest for the recreation needs of Pelham.

In the year 1968, established programs were continued and expanded; new programs were initiated. We faced such problems as coordinating the few recreation facilities in town. Cooperation with the School Board resulted in use of school grounds and buildings for most activities; a written policy on this use for the Summer Program accomplished a mutual understanding of responsibilities.

Little League program was greatly expanded. In view of the large number of participating boys, and an expected increase next year, the Commission is recommending that the Recreation Director begin work April 1 to supervise the L.L. program, develop a farm system, and be responsible for developing individual and team skill and participation through use of such special equipment as a batting tee, and planning clinics.

Swimming program more than doubled this year. Classes were held the last two weeks of June at Beaver Country Day Camp. We appreciate the generous loan of swimming facilities over the years. We recognize the support by the Police Relief Association of the swimming program. We hope to increase this program through this type of support and through trained volunteer Pelham citizens to assist instructors.

The total Summer Recreation Program was initiated this year. The Director's Report, as well as that of the Arts and Crafts Instructor, are submitted separately. We know from this first season, we need more adult personnel trained in working with young people. Our high school students did a commendable job, but in a program of several weeks, more adult coverage is needed because of the large number of young participants. We, therefore, recommend an assistant director for next year, possibly to help expand the swimming program, and to develop more programs of interest to our girls.

Arrangements for golf lessons were made with our local club, Pine Valley Golf Club. Ski lessons were again arranged with the Methuen Ski School. An increased response this year of both adults and young people indicates the interest in this program.

A square dance class was initiated with caller Jim McDowell. An enthusiastic group have continued the class weekly, organized the Pelham Partners, and have a program of square dance events initiated from Pelham. We hope to continue this square dance opportunity to adults and young people.

Again this year, a skating rink has been sponsored by the Commission and maintained by Lions Club members. The enjoyment of this facility is known to all. We appreciate this service by the Lions Club.

Contact has been made with the Nashua Gardens - an enclosed skating rink. Here the Greater Nashua Youth Hockey Association is organized. Figure skating classes are also held here. We plan to keep in touch with this new facility in our area.

Our boys again participated in the Pass, Punt and Kick Football contest held in Nashua. They were well received and brought the major portion of trophies home to Pelham.

A Ski and Skate Sale was held for the first time. This proved to be of great service to many Pelham residents, as well as Windham. Buyers came from Salem and Andover, too. After expenses, the profits bought brooms and scrapers to use in maintaining the skating rink ice.

The Commission has established a recreation program which is just beginning to scratch the surface of what can be done, and should be done, in this fast-growing community. Figures indicate that 1/2 of our population is under 19 years of age; the building of new homes is evident. Our programs are for NOW, but what and where in the future?

The Commission recognizes the immediate need for a comprehensive recreation study. The days of community-school recreation planning are here; this type of study would assist the School Board and its study committees. This study should involve the Planning Board, the Conservation Commission and the Recreation Commission under Town government. We urge you as a Pelham resident, to recognize and support this community need.

Time, labor and materials have been generously given by many to supplement our programs; we thank all for interest and help. In Pelham's interest, I present this report.

Members: RICHARD DERBY  
ANTHONY OLIVER  
HENRY GOYETTE  
MAURICE PICARD  
MARGERY NICKERSON

Respectfully submitted,  
MARGERY W. NICKERSON (Mrs. Albert M.)  
Chairman

## REPORT OF SUMMER RECREATION DIRECTOR

It is my pleasure to submit my first report as Director of Summer Recreation for the Town of Pelham.

### PURPOSE

The purpose of the summer recreation program was to provide anyone from the elementary age child to adults a variety of activities in which to participate during their leisure hours. The Sherburne School Gymnasium, and two adjacent classrooms, served as the summer recreation center. The total attendance for all summer activities was 8,056.

### PROGRAM

The '68 summer program was officially started with the opening game of the Little League in May. A total of 125 boys participated in the six team league, all under Recreation Commission supervision.

A two week Swimming Program was conducted at Beaver Country Day Camp. Miss Jane Burton, as head instructor, with her staff of paid instructors and volunteers, guided 175 boys and girls to receiving certificates for completing various skills. This, too, was under Recreation Commission supervision.

Opening days for Summer Playground program was supported by 275 registrants from grades 2 - 8. Activities available were: arts and crafts, story hour, playground activities, gymnastics, archery, junior softball, girls' softball, mini and junior boys' basketball, and Babe Ruth baseball. Little Leaguers had a trip to Fenway Park. Other excursions were made to Canobie Lake Park, Pleasure Island and Benson's Animal Farm.

An adult evening program featured a men's six team slow-pitch softball league comprising many local organizations. A homemakers' softball league was also organized.

I felt a great deal was accomplished in the short time the program has been in service. The coordination of activities was made possible through the cooperation of the School Board, with Donald Brock as Chairman, and the Recreation Commission, under the Chairmanship of Mrs. Margery Nickerson. The total accomplished program would not have been possible without the assistance of high school students and community responsive adults, totalling 82 in number.

### FUTURE

For a well-rounded, comprehensive community recreation program, it is hoped that during '69-70 we will have an opportunity to implement an in-depth study of the future recreational needs of Pelham. In order to obtain any Federal, State or private grants to aid in development of parks, playgrounds and other related activities, it is necessary to submit a comprehensive community park and recreation plan. The results of this study will allow us to evaluate our present level of development, and provide a better opportunity to utilize the total resources of the community.

In closing, I wish to thank members of the Recreation Commission and the School Board, and the dedicated staff of volunteers for their support and cooperation so freely and generously given this past summer.

Respectfully submitted,

JOHN A. DUCLOS  
Director of Summer Recreation

## 1968 SUMMER ARTS AND CRAFTS PROGRAM REPORT

The program commenced on June 19, with a total enrollment of 150 children, ranging from 7 - 12. Two classes were held daily. Varying projects with different stresses were taught to the two age groups.

The aims of the program were three-fold: 1. To expose the children to a variety of art media, teaching them to skillfully explore the many possibilities of achieving pleasing effects. 2. To present the children many opportunities for creative experimentation after a brief study of the elements of art, namely; texture, color, form, pattern, and line. 3. An appreciation of some of the fine art work that is around them. These aims, as stated, are only preliminary to the lesson of teaching the child to SEE not just to LOOK AT his surroundings.

The program was climaxed with a display of the children's work in the Congregational Church on Old Home Day, August 10. At this time, over 250 people viewed the display.

Evaluating the program as an overwhelming success, I respectfully submit this report.

MRS. BARBARA KARNER  
Arts and Crafts Instructor

**TOWN WARRANT**

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Pelham in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified that the annual meeting of the Town of Pelham will take place on Tuesday, March 11, 1969 at 10:00 o'clock in the forenoon at the E. G. Sherburne School in said Pelham for the election of Town Officers, and to act upon the subjects listed below. The polls for the election of Town Officers at said place will be open on said date at 10:00 o'clock in the forenoon and will not close earlier than 8:00 o'clock in the evening.

1. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same, that is to see if the Town will vote to accept the Town Budget as prepared by the Budget Committee and to take action thereon.

2. To see if the Town will authorize the Selectmen, or a majority thereof, and the Town Treasurer to borrow necessary money in anticipation of taxes.

3. To see if the Town will vote to raise and appropriate the sum of \$1,099.25 as the Town's share of Town Road Aid, the State to contribute \$7,328.34 as the State's share, as provided by law. (Approved by the Budget Committee)

4. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to add to the Capital Reserve Fund, for the purpose of purchasing a fire truck, or take any other action relative thereto. (Approved by the Budget Committee)

5. To see if the Town will vote to commit the balance of the Fire Department appropriation to a Capital Reserve Fund, such fund to be used for the purchase of a fire truck.

6. To see if the Town will vote to raise and appropriate the sum of \$750.00 for the purpose of assisting the Greater Salem Community Mental Health Association as permitted under New Hampshire Revised Statutes Annotated Chapter 126-B. (Approved by the Budget Committee)

7. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 for the purpose of aiding the Merrimack Valley Home Health Care Association as permitted under New Hampshire Revised Statutes Annotated Chapter 31, as amended. (Approved by the Budget Committee) (Submitted by petition)

8. To see if the Town will vote to become a member of a Nashua regional planning agency. This agency will have membership of at least two of the municipalities in the Nashua area. The objective of this agency will be to plan for and encourage regional planning analysis, provide consensus on major problems of regional concern and to assist in the effectuation of projects which extend beyond the boundaries of a particular Town. The agency will have no jurisdiction over any matter of local affairs. It will be primarily advisory. Two members of the regional planning agency shall be from Pelham to be appointed by the Selectmen. A YES vote is in favor of joining the regional planning agency. (Submitted by petition)

9. To see if the Town will vote to appropriate the sum of \$ .15 per capita, or a total of \$780.00, to finance studies to be conducted by the regional planning agency. These monies will be used for financing planning studies which must be approved by the regional planning agency. These funds may be used in conjunction with other State and Federal funds available for planning purposes.

A vote on this article is contingent upon Town Meeting approval of the prior article.

A YES vote is in favor of appropriating a sum of money for the first year of operation of the regional planning agency. (Submitted by petition) (Approved by the Budget Committee)

10. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 to engage the services of recognized professional persons or corporation to conduct a Park and Recreation Study, to prepare a Comprehensive Recreation Plan, and to present a written report to the Town, or take any other action relative thereto. (Submitted without recommendation of the Budget Committee)

11. To see if the Town will vote to authorize and direct the Selectmen to convey the land described in Book 409, page 306, Hillsborough County Registry of Deeds, consisting of 52 acres, more or less, on or near Hobbs Road, to the Pelham School District; said land to revert to the Town if not used for school construction.

12. To see if the Town will vote to appropriate the sum of six thousand dollars (\$6,000.00) to purchase a tract of land consisting of 3.5 acres on the westerly side of Marsh Road directly opposite Memorial School from the present owner and to appropriate the sum of four hundred dollars (\$400.00) to pay necessary closing costs, said land to be held for the future construction of a combination police and fire station. (Submitted by petition) (Without recommendation of the Budget Committee)

13. To see if the Town will vote to authorize the Selectmen to construct a combination police and fire station building and to appropriate the sum of \$59,000.00 for this purpose; and to raise the said sum of \$59,000.00 by the issuance of serial notes of the Town payable over a five-year period in equal annual principal amounts, at interest not to exceed 4-1/4 per cent per annum, pursuant to the provisions of the Municipal Finance Act, Chapter 33, Section 8 of the New Hampshire Revised Statutes Annotated, and to authorize the Selectmen and the Treasurer of the Town to negotiate said notes in the name of and on behalf of the Town, and any and all balances remaining after payment in full for said building shall revert to a capital reserve fund for the purchase of a fire truck and/or other major equipment for the Fire Department. (Submitted by petition) (Without recommendation of the Budget Committee)

14. To see if the Town will vote to authorize the Selectmen to appoint a committee of no less than seven persons to act as General Contractor and Supervisors of Construction for the proposed police/fire station, said committee to include at least one representative of the Pelham Police Relief Association and one representative of the Pelham Firemen's Relief Association, and to invest said committee with the authority to let sub-contracts, purchase materials, hire labor and equipment necessary for the construction of the facility, with all contracts or purchases exceeding \$200.00 subject to the review and approval of the Board of Selectmen, or take any other action relative thereto. (Submitted by petition)

15. To see if the Town will vote to raise and appropriate the sum of \$20,000.00 to set up a Capital Reserve Fund for the future construction of a combination fire house/police station building, or take any other action relative thereto. (Submitted by petition) (Approved by the Budget Committee)

16. To see if the Town will vote that on the expiration of the term of the highway agent elected at the annual meeting of the Town in 1969, the Selectmen be and hereby are authorized thereafter to appoint a highway agent in accordance with the provisions of Chapter 245 of the Revised Statutes Annotated, as amended.

17. To see if the Town will vote to establish a dog leash law, requiring all dog owners to kennel or tie their dogs, or in some way restrain them from roaming at large during the course of any year; this law shall so be written as to stand up in any court in the land. (Submitted by petition)

18. To see if the Town will vote to direct the Selectmen to appoint a committee of at least three to study and prepare a report on the poor telephone service afforded the Town by the New England Telephone Company, for presentation by the committee to Governor Walter Peterson with a request that he intercede with the State Department of Public Utilities on behalf of the residents of the Town of Pelham. (Submitted by petition)

19. To see if the Town will amend the Zoning Ordinance of the Town of Pelham deleting the present Article I a. b. and substituting the following article in place thereof:

b. The business district shall consist of the following area. Beginning at the intersection of Bridge Street (Route 38) and Willow Street, so-called, thence westerly by the northerly line of Willow Street to Beaver Brook; thence generally northerly by the east shore of Beaver Brook to a point where said Brook is 1,000 feet westerly of west line of Bridge Street (Route 38); thence northerly and northwesterly 1,000 feet westerly of the westerly line of Bridge Street (Route 38) to the intersection of this bound with the Gibson Cemetery; thence by the easterly bound of said cemetery to Bridge Street; thence northerly by the west line of Bridge Street to Gibson Street; thence by the south line of Gibson Street to the west line of Marsh Road; thence opposite the intersection of Cross Street with Marsh Road; thence northwesterly from the west line of Marsh Road by the southerly bound of the Sherburne School land to the point of intersection with a line heading due south, said line commencing at the intersection of Nashua Road and Tenney Road; thence easterly across Nashua Road to the east line of Nashua Road at land of Neal and Edith Balcom; thence northerly by the east line of Nashua Road and land of said Balcom's to a stone wall on the east side of said Nashua Road said wall being formerly the south line of land formerly of Maglio and now of Balcom Realty, Inc.; thence northeasterly by said wall to the end of said wall and thence continuing northwesterly by the same degree heading as said wall to the thread of Beaver Brook; thence southerly by thread of Beaver Brook to the bridge over Beaver Brook at Windham Road; thence southeasterly to the southwest corner of lot #3 on Plan of Land in Pelham, N. H., as subdivided for Charles Therriault dated November 1956, Revised, 1957, Robert H. Thorndike, Surveyor and recorded at the Hillsborough County Registry of Deeds; thence by the south line of lots #3, #4, and #1 and by the north line of land now or formerly of George H. Horan to the west line of Gage Hill Road, Route 38 as relocated December, 1959; thence southerly by the west line of Gage Hill Road (Route 38) relocated December, 1959, to Atwood Road; thence crossing Gage Hill Road to the southwest line of Atwood Road; thence southerly by the west line of Atwood Road to the intersection of Livingstone Road thence by the east line of Livingstone Road to the intersection of Currier Road; thence southwesterly by the northerly line of Currier Road to Bridge Street; thence across Bridge Street to the point of beginning. (Submitted by petition) (With the disapproval of Pelham Planning Board)

20. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-fourth day of February, in the year of our Lord nineteen hundred and sixty-nine.

PETER E. MORIN  
ALBERT D. NOLIN  
LEONARD PHILBRICK  
Selectmen of Pelham

A true copy of Warrant - Attest:

## RECORD OF THE ANNUAL SCHOOL DISTRICT MEETING MARCH 27, 1968

The Annual Meeting of the Pelham School District was called to order by Moderator Alton Hodgman at 1:00 P. M. The Moderator read Article I of the School Warrant and declared the polls open until 9:00 P. M. It was moved, seconded and supported to postpone action on Articles 2 through 11 until 8:00 P. M.

Moderator Hodgman called business meeting to order at 8:00 P. M. Chairman John Woodbury introduced Superintendent of Schools Claude Leavitt, Asst. Superintendent of Schools Peter Dolloff, Attorney David Hammlitt, Counsel for School District and Mr. Stoner Architect, and asked permission that they be allowed to sit in on the meeting. Hearing no objection, permission was granted.

Moderator Hodgman read resolution in memory of Randall Richardson and asked assembly to rise while Rev. Robb lead prayer. Moderator Hodgman read letter from Arnold and Margaret Balcom thanking the townspeople for their help.

Moderator Hodgman asked that anyone in the hall who was not a qualified voter please stand and be recognized. Mr. Donald Burton, Chairman of the Budget Committee was asked to come to rostrum to explain budget items as they were taken up. The following action took place:

100	Administration	
	Salaries	\$ 1,215.00

1477	Outgoing Transfer Acct in State	
	Tuition	201,292.00

	Supervisory Union Expenses	10,179.00
1478	Outgoing Transfer Account out-of-State	
	Tuition	1,000.00
1479	Expenditures to other Public Schools	4,800.00
	PL 89:10 - Title I	<u>5,000.00</u>
	TOTAL APPROPRIATIONS	\$1,196,191.50

Under Item 210 (Salaries) - Mr. Fletcher made a motion to appropriate \$251,840. Motion seconded. Judge Lynch amended the motion to read that \$251,840 include the cost of a Remedial Reading Teacher. Amendment and motion were passed in affirmative. The School Board was so instructed. Mr. Graham challenged the Moderator on his procedure and appealed to assembly. Assembly voted to uphold the Moderator.

Item 220 (Library and Audiovisual Materials) - A motion was made to increase \$2,606 to \$4,606 for supplies for Remedial Reading Teacher. Seconded and passed in affirmative on a standing vote.

The Moderator declared the polls closed at 9:00 P. M.

Item 230 (Teaching Supplies) - A motion was made to appropriate \$5,921. Amendment made and seconded to increase to \$6,921 (as recommended by Budget Committee). Seconded and passed in affirmative.

Under Item 1266, the Moderator proceeded to Article six of the Warrant. Mr. James Fenton moved: that this School District Meeting adjourn at the conclusion of all other business except Article 6 to May 8, 1968 at 8:00 P. M. in this hall to take up action on Article 6, at which time the School Board is instructed to present alternate plans. Motion seconded.

Mr. Fred Houle moved: That the main motion be laid on the table until such time as this meeting has had an opportunity to hear and take action on the School Board's proposal for an addition to Memorial School. Seconded. Voted and approved.

Mr. Houle noted that Question and Answer Sheets had been printed and copies made available at this meeting. Mr. Houle talked on the proposed addition and turned the meeting over to Mr. Stoner of Stoner Associates who showed sketches of proposed addition. Question and answer period followed.

Mr. Houle moved: That the District vote to authorize the design and construction of an addition to the Memorial School and to appropriate a sum not to exceed \$500,000 for the aforesaid purpose; said sum to be in addition to any local, state or federal funds made available therefor; and to raise the same by the issuance of bonds or serial notes in accordance with the provisions of the Municipal Finance Act, Chapter 33, of the Revised Statutes Annotated of New Hampshire, as amended, and to authorize the Pelham School Board to so issue and negotiate said bonds or notes in the name of or on the credit of the District, said Board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds.

Mr. Michael McIlarkey proposed the following amendment: To see if the District will vote to authorize the construction and equipping of a 2-story addition to the Memorial School, measuring 70 feet in width, and 128 feet in length, containing 12 classrooms with closets, one library room measuring approximately 70 feet by 32 feet, 4 lavatories, 1 stairwell, appropriate hall space and storage space, being identical in relevant design and specifications of the original building, abutting said addition at its 70 foot width, flush and evenly to the southerly wall of the academic wing (line H-46, page 2, Job #1401, dated 1/7/65, of the plans and specifications for the original building, as designed by Stoner Associates, Architect) and to appropriate a sum not to exceed \$400,000 for the aforesaid purpose; said sum to be in addition to any local, state or federal funds made available therefor and to raise the same by the issuance of bonds or serial notes in accordance with provisions of the Municipal Finance Act, Chapter 33, of the Revised Statutes Annotated of New Hampshire, as amended, and to authorize the Pelham School Board to so issue and negotiate said bonds or notes in the name of or on the credit of the District, said Board to have dis-

cretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds. Mr. McLlarkey asked permission to hand out printed layouts for the proposed addition and to take rostrum to further explain. Permission granted. Moderator Hodgman declared the amendment out of order until vote taken on Mr. Fred Houle's motion now on floor. It was pointed out by the Moderator that the School Meeting had already instructed him that the meeting have an opportunity to hear and take action on the School Board's proposal for an addition to Memorial School.

Standing vote on Mr. Houle's motion did not receive 2/3 vote. Motion lost.

Standing vote on motion to adjourn meeting, as proposed by Mr. Fenton, passed in affirmative.

Items 1370 and 1371 laid on table until meeting on May 8th.

The Moderator declared the state of the ballots as follows: 459 ballots cast; Moderator for the coming year C. Michael McLlarkey 199, Francis J. Thompson 245, Thompson elected. School Board Member for ensuing three years Christopher S. Sintros 224, John W. Woodbury 234, John Woodbury elected. Treasurer for ensuing year Dorothy Hill 400 elected, Clerk for ensuing year Dorothy Hill 400 elected.

Article 7 - Moved, seconded and passed in affirmative.

Article 8 - Moved, seconded and passed in affirmative.

Article 9 - Moved, seconded and passed in affirmative that this article be passed over.

Article 10 - Motion to pass over defeated. Motion to lay on table and take action on May 8th passed in affirmative.

Articles 4 and 5 - Motion to lay on table and take action on May 8th passed in affirmative.

Mrs. Randall Richardson thanked assembly for tribute to her husband.

Motion made, seconded and passed in affirmative to adjourn meeting at 12:05 P. M.

Used and unused ballots were sealed and certified by Moderator.

John Woodbury and Dorothy Hill sworn in by Edward P. McDuffee, Justice of Peace on April 18, 1968 at 8:15 P. M.

Francis Thompson sworn in by Clerk Dorothy Hill on May 8, 1968 at 7:30 P. M.

#### ADJOURNED SCHOOL DISTRICT MEETING, MAY 8, 1968

Mr. Francis J. Thompson, newly elected School District Moderator, called meeting to order at 8:05 P. M. and appointed Alton Hodgman as Temporary Moderator for the evening.

Moderator Hodgman called on Donald Brock, Chairman of School Board, who introduced Claude Leavitt, Superintendent of Schools, Mr. Smith representing Stoner Associates and Atty. Edward McDuffee.

Following Mr. Brock's opening remarks and explanations of the six plans drawn by Stoner Associates he moved: That the District vote to authorize the design and construction of an addition to the Memorial School and to appropriate a sum not to exceed \$500,000 for the aforesaid purpose; said sum to be in addition to any local, state or federal funds made available therefor; and to raise the same by the issuance of bonds or serial notes in accordance with the provisions of the Municipal Finance Act, Chapter 33, of the Revised Statutes Annotated of New Hampshire, as amended, and to authorize the Pelham School Board to so issue and negotiate said bonds or notes in

the name of or on the credit of the District, said Board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds. Motion seconded.

Moderator Hodgman read minutes of previous meeting to clarify action taken on Article 6.

Mr. Michael McLlarkey proposed the following amendment: To see if the District will vote to authorize the construction of a 2-story addition to the Memorial School, measuring 70 feet in width and 130 feet in length, containing 12 classrooms with closets, one library room measuring approximately 70 feet by 32 feet, 4 lavatories, one stairwell, appropriate hall space and storage space, being identical in relevant design and specifications of the original building, abutting said addition at its 70 foot width, flush and evenly to the southerly wall of the academic wing (line H-46, Page 2, Job #1401, dated 1/7/65, of the plans and specifications for the original building as designed by Stoner Associates, Architect) and to appropriate a sum not to exceed \$400,000 for the aforesaid purpose. Seconded.

After lengthy discussion on the motion and amendment, Mr. Hodgman asked for a show of hands on the amendment. Amendment was lost. A standing vote was requested on the motion. The results were 78 yes and 60 no. Without a 2/3 vote, motion was lost.

To obtain a consensus of the voters, Mr. Hodgman asked for a show of hands of those in favor of some type of addition to the Memorial School. Approximately 90% were in favor. The Moderator was asked if another motion could be made. It was the feeling of the Moderator that the issue was dead and no other motion could be made. This decision was challenged by Mr. James Powers. A standing vote overwhelmingly supported Mr. Powers and floor was open for further motions.

Mr. Delmar Parent moved: That the District vote to authorize the design and construction of an addition to the Memorial School, using Plan C as submitted at this meeting by Stoner Associates, and to appropriate a sum not to exceed \$415,400 for the aforesaid purpose; said sum to be in addition to any local, state or federal funds made available therefor; and to raise the same by the issuance of bonds or serial notes in accordance with the provisions of the Municipal Finance Act, Chapter 33, of the Revised Statutes Annotated of New Hampshire, as amended, and to authorize the Pelham School Board to so issue and negotiate said bonds or notes in the name of or on the credit of the District, said Board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds. Seconded.

Mrs. Robert Robb offered amendment to instruct School Board to make provisions in Plan C for a corridor for an addition if needed at a later date. Seconded.

A standing vote on amendment received 57 yes and 27 no. Carried.

A standing vote on motion received 102 yes and 17 no. Motion passed in the affirmative.

Article 5 - Mr. Brock moved: That the District vote to raise and appropriate the sum of \$1,196,191.50 for the support of schools, for the payment of salaries for the School District and agents and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from State Building Aid together with other income; the State Tax Commission to certify to the Selectmen the balance between the estimated revenue and the appropriations; which balance is to be raised by taxes by the Town.

Article 4 - Mr. Brock moved: That this meeting extend its thanks and appreciation to the Steering Committee, so-called, its members past and present, and to its Chairman, Mr. James Powers, for the work it has accomplished and for the time and interest of its members. It further notes that the purpose for which this committee was created has been largely accomplished and feels that future planning should be by specific committees, created for specific purposes and for specific periods of time. In furtherance of this purpose, the Steering Committee is hereby discharged of its duties and the School Board is instructed to immediately appoint a Study Committee consisting of five members. The specific duty of the Committee is to examine the Sherburne School in all detail with

the intention of making recommendations concerning its future development at the next annual School Meeting. Its term of office shall be until the next annual meeting or as extended by that meeting. The School Board is directed to give full consideration in appointments to all members of the present Steering Committee who are willing to serve and shall name its Chairman. Seconded, Motion lost.

Article 10 - Mrs. Thelma Boutwell amended Article to read: To see if the School District will vote to accept the provisions of R. S. A. 197:1, A through G inclusive, that is to elect the district officers at the annual Town Meeting. Seconded and passed in the affirmative.

Article 11 - Moved: The Moderator shall appoint a Study Committee consisting of five members; the specific duties of this committee is to examine the Sherburne School in all detail with the intention of making recommendations concerning its future development at the next annual School District Meeting. Its term of office shall be until the next annual meeting or as extended by that meeting. Seconded. Amendment: The Moderator should consult with the School Board prior to making appointments. Seconded. Amendment and motion passed in the affirmative.

Motion made, seconded and passed in the affirmative to adjourn meeting at 11:55 P. M.

DOROTHY HILL  
Clerk

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Pelham, New Hampshire, qualified to vote in district affairs;

You are hereby notified to meet at the Sherburne School in said district on the 11th day of March, 1969, at 10 A. M. in the forenoon to act upon the following questions:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.

The Polls will be open at 10 A. M. and will close no sooner than 8 P. M.

Given under our hands at said Pelham, New Hampshire, this 5th day of February, 1969.

DONALD E. BROCK  
FREDERICK A. HOULE

SCHOOL WARRANT

PELHAM

March 26, 1969

To the inhabitants of the School District in the town of Pelham, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Sherburne School in said district on the 26th day of March, 1969 at 7:30 P.M. to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.
3. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
4. To see if the District will vote to continue the Sherburne School Study Committee until the next Annual Meeting.
5. To see if the District will vote to continue the High School Study Committee until the next Annual Meeting.
6. To see if the District will vote to change the date of the Annual School District Meeting from the third Wednesday following the Annual Town Meeting; or to take any other action thereto.
7. To see if the District will vote to raise and appropriate the sum of \$2,500.00 for the purpose of retaining architectural and engineering services for the study of the Sherburne School and possible building addition thereto, or to take any other action thereto.
8. To see if the District will vote to authorize the school board to re-negotiate the High School Tuition Contract with Hudson for an additional five years beginning September, 1969. Pelham to pay, as tuition, the State Average cost per pupil or Hudson average cost per pupil, whichever is greater; plus \$75.00 per pupil; plus 2% of the State Average per pupil cost per pupil; plus a rental per pupil determined by 2% of the value of the property used; or to take any other action thereon.
9. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for the school district and agents and for the payment of the statutory obligations of the district, that is, to see if the School District will vote to accept the School District Budget as prepared by the Budget Committee or to take any other action thereon.
10. To transact any other business that may legally come before this meeting.

Given under our hands at said Pelham this        day of                    1969.

## SCHOOL BOARD REPORT

To the Townspeople of Pelham:

The past year has been a very active and challenging experience for your school board. In an attempt to resolve some of our varied and complicated problems, we have endeavored to involve many interested citizens of Pelham. Many of our people have given freely of their time and energies while serving on various committees. We extend our appreciation to those who have served on our Building, High School Study, Sherburne School Study, Steering and Transportation Committees. The reports of these committees will serve as the basis for Pelham's future course in educational decision making.

Our new principal, Mr. Nicholas Kontinos, is welcome to our school system. Since his tenure began last August, his ability to administer our growing staff and student body has been demonstrated. We are confident he will continue to be a great asset to our schools and community. Mr. Dale Riley, our new assistant principal-teacher, has added very valuable support to our administrative staff.

The addition to the Memorial School, voted last Spring and designed by Stoner Associates of Boston, Massachusetts, is being constructed by Adrien LaBrie, Inc. of Nashua, New Hampshire. This facility, in addition to instructional areas, will have sufficient additional storage area for our hot lunch program, operational supplies and outside equipment. Funds to finance the storage areas are available due to the unexpected low bid of the present construction. A complete new septic system has been required by the New Hampshire Pollution Department. Our entire project is under the supervision of our Clerk of the Works, Mr. Joseph Herbert, and will be completed for the opening of school next September.

Our program of studies continues to grow. By action of the last Annual School District meeting our children benefit from a remedial reading class. We have included an art and music program in our 1969-70 budget. It is our belief that such a program will benefit all our children and not just a select few. Art and music, like physical education, may serve to interest some people in school who otherwise might become disinterested. Facilities for these programs are available in our school plant. We need and have budgeted for a full-time school librarian. If we are to properly utilize our library and book inventory, a teacher is needed who can devote her time to developing library interest and understanding in our children. It should be expected that existing programs in physical education and guidance will need to be supplemented by additional budgetary consideration at this time next year. Next year, only grades 4 - 8 will participate in programs directly administered by the physical education teacher. Pupils in grades 1 - 3 will participate in programs blue printed by the physical education teacher, but administered by the classroom teacher. The guidance program continues to offer tremendous service to many of our townspeople. Test results compiled and interpreted by our guidance counselor create valuable information which assist in the proper placement of our children in programs of study.

We continue to receive commendable service from our hot lunch program, transportation contractor, the school nurse, our custodial staff and our school secretary. Additional assistance in these areas must be expected in the future if they are expected to continue to provide a high quality service.

The instructional costs in our budget indicate a sharp increase over last year. Teacher salary increases are recommended to keep our salary schedule in proportion to neighboring communities. The salary schedules in neighboring communities are considerably higher and steadily rising. We must keep our schedule at least competitive with other neighboring New Hampshire districts. In addition to salary increases, we recommend seven additional classroom teachers. If we are to approach a teacher-pupil ratio of 25 - 1 in September, these teachers are required as well as the working tools and materials for them. Our budget represents a substantial increase over last year, but so does our pupil growth and new program needs.

The P. T. A. has been of extreme value to our school system because it offers an opportunity for parent-teacher communication, as well as an opportunity to hear mutual problems and concerns of an educational nature. The enthusiasm demonstrated and the financial support given by the P. T. A. makes it a contributing partner in our educational process.

The Pelham School Board takes this opportunity to express its appreciation to the citizens of Pelham for the continual support of its educational endeavor. We solicit your continued support and welcome you to our meetings. We need and seek your constructive criticism and ideas.

Respectfully submitted,

DONALD BROCK, Chairman  
Pelham School Board

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Pelham:

The residents of Pelham continue to demonstrate their collective support for the educational growth and development of their children. This can best be seen by the action taken at the Annual School District Meeting last March and at the recessed meeting in May when support was given for a bond issue which provided for an addition to the Memorial School. The addition to the Pelham Memorial School is in process and will be completed for school next September.

This additional facility will provide for the expansion of present programs and space for the adoption of new programs of study. We must examine our opportunity to expand our present programs in physical education, remedial reading, science and library. We must consider the implementation of new programs in the areas of music, art and special education.

One of our most critical needs however, is unrelated to the present elementary program. It is relative to the future education of our high school pupils. Our tuition contract with Hudson expires in June, 1969. However, Pelham may exercise a two year option which will expire in June, 1971. What provision will Pelham make for its high school pupils at that time?

We recognize and commend the various committees that have been diligently working for the past year to solve this question. The fact remains that it has yet to be resolved. Every effort should be made to immediately resolve this problem. One may speculate that another five-year contract with Hudson will allow Pelham to "buy time" that is needed.

Pelham must continue to recognize the competition for competent teachers and strive to develop and maintain salary schedules which will encourage teachers to stay in Pelham. Our present teachers comprise a sincere and highly competent instructional staff.

It is a pleasure to announce the teachers new to Pelham this year:

Miss Nancy Coats, B. S. Central Missouri State College 1966, Masters Degree 1968, Southwestern Baptist, Fort Worth, Texas, grade 3, Sherburne.

Miss Gail Fairbanks, graduate of Springfield College, additional credits from Rivier College, University of N. H. and Danbury State College, Math at Memorial School.

Mrs. Nancy Fleming, Perry Normal School, additional credits Salem State, grade 1, Sherburne.

Mr. Richard Holmes, B. Ed. Keene State 1968, Social Studies, Memorial.

Mr. Nicholas Kontinos, B. Ed. Keene State, M. Ed. Carolina State University 1968, replaced Moses Brown as Supervising Principal. Mr. Kontinos has fifteen years of educational experience.

Miss Ellen Manley, B. Ed. Plymouth State 1968, grade 4, Sherburne.

Mr. Raymond Martin, B. A. St. Anselm's College 1968, Science, Memorial School.

Mrs. Jean Mosier, A. B. Jackson College, Tufts University 1966, Masters Degree Simmons College 1967, English, Memorial School.

Mrs. Carol Rivard, B. Ed. Lowell State 1968, grade 2, Sherburne.

Mrs. Elizabeth Shelley, A. B. Whitman College 1938, Additional credits University of Chicago, Tufts University, University of N. H. and Montclair State, teacher of Remedial Reading.

Miss Jacqueline Stegall, B. Ed., Lowell State College 1968, grade 4, Memorial School.

Mrs. Paula Sullivan, B. Ed., New England College 1968, grade 2, Sherburne School.

Miss Mary-Ann Willis, B. Ed., Keene State 1968, English, Memorial School.

In conclusion I extend my appreciation to the School Board, the instructional staff and to others who have contributed to the educational program of the children of Pelham.

Respectfully submitted,

CLAUDE H. LEAVITT  
Superintendent of Schools

## REPORT OF THE ASSISTANT SUPERINTENDENT

Mr. Claude H. Leavitt  
Superintendent of Schools  
Pelham, New Hampshire

Dear Mr. Leavitt:

The following paragraphs constitute my report as Assistant Superintendent in the School District of Pelham, New Hampshire.

Included in this report is a summary of some of the highlights of the current school year along with an indication of some of our more paramount needs, as we perceive them, for 1969-1970.

The current school year has seen a continuation of the dynamic growth that has characterized the Pelham School District over the last several years. All indications are that this increase will continue, at least at the same rate if not at an accelerated pace, during the coming year. As in the past, additional staff is of top priority importance, if we are to maintain a quality program of education. The people of Pelham are to be commended for their determination to maintain a good pupil-teacher ratio in the face of this tremendous enrollment increase.

During the 1968-69 school year, our supervisory capacity has been increased with the addition of a part-time Assistant Principal. Supervision is the leadership service through which human and material resources are organized so as to provide the most efficient educational opportunity for all students concerned. In order to provide this efficiency and equality of opportunity, there should be enough supervisory personnel to remain in close contact with all facets of the school organization, on a daily basis. The implementation of this part-time supervisory personnel has improved our capability in this area and resulted in a significant improvement in our educational program.

In addition to the Assistant Principal, we have also added a Remedial Reading Teacher in grades one through eight. This teacher works on a clinical basis with youngsters having a specific reading problem. With this additional concentrated instruction, we endeavor to bring each child to his maximum potential in the area of reading, which of course is of paramount importance in the elementary grades.

One of our most pressing needs, at the elementary level, is in the area of library services. With the opening of the Pelham Memorial School a good school library facility became a reality. Over the past four years Pelham has received \$4,060.63 through Title II of the Elementary and Secondary Education Act of 1965, for library materials. In addition to this the Pelham Memorial School received an additional \$1,900.00 as a Title II Special Purpose Grant for its model library facility. Coupled with funds provided through the operating budget, this has provided the beginning of a good basic library collection. The construction of the new addition at the Pelham Memorial School will establish a larger and improved facility. We are also in the process of implementing a central library service at the Sherburne School.

The school library, at both the elementary and secondary level, is one of the basic requirements for a quality program of education. In an era, characterized by what we call the "knowledge explosion" and, taking into consideration the constant demands placed on the schools by our dynamic society, a school library is an essential element in every school. The school library fulfills a double function, providing the teachers with a means of enriching the content of their courses, while also making available to the youngsters the wide variety of printed material necessary to supplement their regular school program.

We feel very strongly that libraries should be staffed by full time professionals. The librarians should then be responsible for the selection of appropriate materials for the library in collaboration with the regular teaching staff. They can also oversee the everyday operation of the library and insure its place as an active and integral part of the total school organization.

The library program should make extensive use of a rich and varied school media collection that meets the needs and abilities of each student, and makes use of a variety of approaches available through television, radio, films, filmstrips, film loops, recordings, realia, slides, transparencies, and a basic collection of printed materials. All of these material needs are reflected in the instructional area of our budgetary requests.

Once again we are manifesting the need for specialized help in the areas of art and music instruction. As I indicated in last year's report, every child needs frequent opportunity and stimulation to express his thoughts and feelings through art and music experiences. Through these channels the child may exercise his imagination, develop aesthetic judgment, acquire sensitized awareness, grow in ability to listen and observe, use his creativity, gain in skill, and learn something of his art and music heritage. What is equally important, he will be on a competitive basis with those youngsters at Alvirne who are exposed to this type of a comprehensive program during their elementary years.

In closing I would like to thank the School Board, and yourself for your direction and guidance, Mr. Kontinos and the entire school staff for their unfailing cooperation, and finally the citizens of Pelham for their commitment to excellence in the total educational program.

Respectfully submitted,

PETER G. DOLLOFF  
Assistant Superintendent

## REPORT OF THE SHERBURNE SCHOOL COMMITTEE

The Sherburne School Study Committee was formed as a result of action taken at the last School District Meeting. The Committee was charged with the responsibility of examining the Sherburne School to determine the needs of the plant facilities and to learn if the site could be used for further school expansion. The School Board requested that the Committee expand its purpose to include an evaluation of the overall elementary school problem, as well as to consider any other sites that might be of potential interest to the District.

The Committee has met nearly every other week in public sessions, has met with numerous people from the community and state, has conducted several "field trips" and has corresponded with various officials to gather data for this report.

The School comprises 15 classrooms, a cafetorium with kitchen and various administration rooms and service areas laid out in an "L" shape. This plant is the result of a building program initiated on this site in 1921 with the erection of what is now the central two story portion. The original structure consisted of two classrooms on the second floor and service area on the ground floor. The ground floor area was later converted into 2 classrooms. Subsequently, there have been two additions to the building, in 1949 and in 1957. The building is centrally heated by hot water. Sewage flows through a septic tank and drain field to the rear of the building.

The Sherburne School started this school year with an enrollment of 389 students in grades 1 through 4. Two fourth grades are housed at the Memorial School. The plant is on a twelve acre site. The State Department of Education has indicated that a site of this size could be acceptable for about 700 students. The Education Department has further detailed in its "guidelines for Public School Construction" that grade school classrooms should be designed to accommodate 25 students.

Examination of the building shows, with certain reservations, that the existing plant is adequate and serviceable for the present number of students. The original structure is now about 47 years old. The lower floor is a poured concrete slab and four poured walls. The second floor is of wood construction and is showing its age. The floor and walls are sagging and many of the windows will not shut tightly as the frames are out of shape. The sewage and heating plants are functioning at full capacity, so further utilities would need to be developed if the building were to be expanded.

A site study of the property was initiated with the idea of determining whether or not further could be done on the Sherburne land. Additionally, a study could reveal the most suitable placement of any new construction on this site. This study was temporarily discontinued because of weather in December.

Examination of records and the viewing of certain plots discloses that there may be some Town owned land suitable for further consideration for school purposes.

There is strong indication that funds may be available for school recreation equipment and land development. The State Recreation Commissioner has referred us to the Land and Water Conservation Act. This source might provide funds for the development of facilities for joint use by the schools and Pelham's Recreation Commission.

The attached graph entitled "Projected Classroom Requirements and Enrollments" gives estimated numbers of grade school classrooms required and student enrollment through September, 1974. Present classroom space, expansions, and possible anticipated future expansions are also demonstrated on this graph. We have made no attempt to show the effect of a possible extension of the student residence, through the ninth grade, at Memorial School.

Enrollment at St. Patrick's School is frozen at its present level of 350 to 360 students. The Parish has announced that it does not plan further school construction in the foreseeable future. Further, heeding public comments made by the Chancellor of the Diocese of Manchester, who is also the Diocesan Superintendent of Schools, we must be aware of the financial plight of parochial schools in New Hampshire. Though no alarm has as

yet been sounded for St. Patrick's, it is altogether possible that this may face the necessity of raising its tuition to a prohibitive level. One affect of such a move would be to put additional pressure on the public schools.

It is of speculative interest that the Town's population is shifting in a northerly direction, filling in the more suitable building land. In light of this information, the School District may wish to consider a new site in that area at this or at a future date. However, the advisability of building on the present versus a new site turns on economic questions, to which there are as yet no firm answers.

This Committee respectfully makes the following recommendations to the School Board and to the School District:

1. We ask that the Committee be continued for another year in order that it may complete its assigned task.
2. We urge that the School District provide funds for preliminary architectural and engineering planning for an additional 12 classrooms.
3. We recommend that the School Board work closely with the Selectmen to arrange for the inclusion of an article in the Town Warrant to permit transfer of title for Gage Lot #1 to the School District for future school building site needs.
4. We ask that the School Board work close with the Pelham Recreation Commission to study ways and means of obtaining funds, which are available through the Land and Water Conservation Act, for their mutual advantage.
5. Finally, we recommend that a complete professional evaluation be made of the structure of the original Sherburne School built in 1921.

A supplement to this report will be considered to reflect any new information that may develop.

SETH MARSHALL, Chairman  
LAWRENCE HINCE, Secretary  
MRS. ROBERT FLETCHER  
MRS. JOHN REYNOLDS  
RONALD WALSH

PROTECTED CLASSROOM REQUIREMENTS  
ENROLLMENTS

## PRINCIPAL'S REPORT

January, 1969

Mr. Claude Leavitt  
Supt. of Schools  
Pelham School District  
Pelham, New Hampshire

Dear Mr. Leavitt:

It gives me great pleasure to submit my first annual report to you and to the good people of Pelham. During the past, short, five and one half months as supervising principal, I have been able to make somewhat candid observations concerning our schools. Quite frankly, I like what I have observed.

You and the people of Pelham are to be commended for the fine decisions you have made concerning the Pelham schools. Each time a decision is made pertinent to the schools, most certainly, the quality and magnitude of the instructional program is affected. My observations show that the Pelham School District is striving very hard to keep pace with progress in education. While it has not been possible to do all that many of us would wish to do, nonetheless, decisions have been made that insure continued progress toward the ultimate goal of quality instruction.

I now review some of the changes and some of the progress that has been brought about through your decisions.

Improvements and expansion have been and are being made to the Memorial School campus. There have been improvements made to the Sherburne School campus. More improvements concerning the Sherburne play area and equipment are in the making.

We have seen the establishment and development of a fine remedial reading program, which gives children in need a fresh outlook in the science and love of reading.

Administrative and supervisory personnel and services have caused a closer look and greater concern for the needs of the most important primary grades of the Sherburne School.

An actual increase of twenty per cent in instructional time for each major academic subject has been affected at the Memorial School.

The special services of guidance, health and speech therapy have improved not only by an increase in the number of children served. They have shown improvement in the excellence of the services through continued modification and expansion of the services offered.

Decisions have been made which are causing a critical inspection of the curriculum being offered our children. There is an insistence upon the continued evaluation, coordination and implementation of the curriculum. Presently, language and science curriculums are being studied. The entire curriculum is being re-evaluated and systematized for instruction.

The efficiency and safety of pupil transportation is constantly being studied. This already has resulted in the initiation of safer procedures for loading and unloading of buses at school.

Procedural changes have been made and have resulted in the direct and continuing improvement of the classroom instruction - learning process.

Evaluation and improvements have been accomplished concerning audio-visual aids to teaching and learning. In this area, thanks to the P. T. A., actual purchases of needed materials were made.

We have seen the arrival of teacher aids onto the school scene. The jobs performed by these two people make the teachers' instructional tasks more productive.

In short, all the changes and decisions reviewed in previous paragraphs have directly or indirectly resulted in allowing teachers to teach and children to learn. It is sincerely believed that we're doing a good job of it.

Since education is a continuing, lifetime process, so then, is it equally necessary for the process of decision making to continue.

In the area of philosophy we need to make decisions concerning the implementation of the best curriculum we can offer our children in view of the increasing demands put upon them by society. Thus, we need a program of continuing curriculum study. This to include extending the study of special education needs.

Our decisions concerning the number of instructional personnel needed are usually regulated by sheer increase in pupil enrollment.

It is felt that positive action must be taken concerning the expansion and improvement of the school library services. The new library should be the hub of learning in Pelham. Its services must extend to each and every child enrolled in the Pelham schools. Its influence must begin at Sherburne School with the beginner learners and continue with them throughout their lifetimes.

We need to make decisions concerning the cultural, aesthetic and creative aspect of a life. Our children have need for the establishment and implementation of fine art and music programs in the curriculum. Generally speaking, primary grade teachers are prepared and do teach these subjects with minimal help from specialists. For this reason, music and art supplies are most necessary. A decision is in order that will involve full time art and music personnel for the Memorial School and specialist assistance for primary grade teachers at the Sherburne School.

It is hoped that everyone connected with the Pelham schools always makes the correct decision. However, of no less importance is the fact that we always make the best of it regardless of the decision made.

In closing, I wish to thank you, Mr. Leavitt, Mr. Dolloff, the Pelham School Board and all those thoughtful and considerate citizens who have aided in the support of the Pelham schools.

The past few months have produced both personal and professional satisfaction, much of which is due directly to the cooperation, understanding and professional work of the teachers, custodians, lunchroom workers and teacher aids.

I pay tribute to Mr. Dale Riley, Assistant Principal, and Mrs. Sandra Corbin, School Secretary, whose diligent labor and devotion to their work has enabled me to do much that would have otherwise been left undone.

Respectfully submitted,

NICHOLAS KONTINOS  
Supv. Principal

## REPORT OF THE SCHOOL NURSE

January, 1969

Mr. Claude Leavitt  
Superintendent of Schools  
Pelham School District  
Pelham, New Hampshire

Dear Mr. Leavitt:

Following is a report of the work accomplished during the year 1968:

<u>Testing Program</u>	<u>No. Tested</u>	<u>Defects</u>
Vision	726	30
Hearing	680	8
Tuberculin Heaf Tests	154	
Pupil Inspections	750	
Heights & Weights	550	
Dental Examinations	300	52
First Aid	1,570	
Health Classes	25	
Parent & Teacher Conf.	410	
Home Visits	88	
Guidance Referrals	10	

Immunization clinics were held April 4, May 2, and June 6, 1968. A total of 115 children were treated. Dr. Luther March was the attending physician. Vaccines administered were triple toxoid - 70, small pox - 51, and oral polio - 54.

The pre-school clinic was held May 23, 1968 with Dr. Luther March as attending physician. Dr. Murphy was unable to attend that morning. One hundred and eighteen children were examined. Four defects were found and the parents of these children were referred to their own private physicians. Assisting me were nurses from Supervisory Union #27 and Mrs. Avis Fairbanks. Mothers helping were Mrs. Gertrude Tuttle and Mrs. Ruth Carleton.

A pre-school dental clinic was also held this same day with 96 children being examined by two state dental hygienists.

On September 12th and 19th, 1968, 331 pupils received physical examinations by Dr. Luther March. All students in grades 3, 5 and 7 were examined while those in grades 2, 4 and 6 as well as first with known problems or new to the school system were also included. A total of 70 minor defects were found, 8 warranted private medical attention and were followed through.

On November 12, 1968, a measles clinic was held and 28 children received this immunization. More were unable to attend due to inclement weather that day.

The N. H. Tuberculosis Assoc. offered TB skin testing to all first graders at Sherburne and St. Patrick's Schools on January 6, 1969. Reactions were negative in all 154 children who were tested.

Mrs. Jane Burton, State Dental Hygienist, spent an entire week in January, at our schools giving individual classroom dental instruction.

Following are the communicable diseases reported to me during this year:

Mumps - 6	Asian Flu - 28
Pediculosis - 13	Measles - 2
Scarlet Fever - 3	Chicken Pox - 6
German Measles - 5	Trench Mouth - 1
Inf. Mononucleosis - 2	Impetigo - 11
Strep Throats - 19	Viral Throat Inf. - 20
Gastro Intestinal Virus - 51	Hong Kong Flu - 20
Upper Respiratory Infection - 35	

My recommendations for the Health Education Program are:

1. The need for a school physician is essential now due to the increased enrollment and the lack of a qualified medical physician in our town.
2. As a result of the swelling school population and increased number of school buildings, the need for an additional school nurse is eminent if we are to maintain and expand the high standards of our health program. N. H. state recommendations call for a caseload of no more than 500 students for each school nurse.

I want to express my appreciation to the following organizations for their valuable assistance during the past year: Pelham Grange, Lion's Club, Parent-Teacher's Association and the various volunteer helpers who gave so selflessly of their time and energy.

In closing, I wish to thank Mr. Leavitt, Mr. Dolloff, our school board and the entire staff of all the schools in Pelham for their cooperation so freely given during this past year.

Respectfully submitted,

JUNE GROELE  
School Nurse

# REPORT OF THE GUIDANCE COUNSELOR

January, 1969

Mr. Claude Leavitt  
Supt. of Schools  
Pelham School District  
Pelham, N. H.

Dear Mr. Leavitt:

Submitted herewith is my second annual report as guidance counselor for the School District of Pelham, New Hampshire.

## PREFACE

As a result of a continuing evaluation of the guidance program, the major goal of counseling has gradually evolved from one of "Crisis Oriented" to one of "Developmentally Oriented." That is to say, we are now attempting to influence the entire school population instead of only a limited few. Thus, the emphasis has shifted from one of working primarily with children with specific difficulties, to one of affecting all children in the specific areas of growth and development.

## ACCOMPLISHMENTS

In an effort to involve parents in the school wide testing program, a new program has been implemented this year. Individual test results were given to each student. An open meeting was held in February to explain those results to interested parents.

In the area of guidance and testing, a closer coordination of activities has been implemented between the public and parochial schools.

The Guidance Department has developed a closer working relationship with area secondary school personnel. We have also planned an annual careers day so that students might become acquainted with the various types of secondary education available to them.

This office has been involved in various meetings to discuss curriculum development.

An unofficial organization of Pupil Personnel Services, to coordinate the activities of special educators, counseling and health services, has been established in order to more efficiently utilize these services.

A close working agreement has been established between the guidance office and various state and private health agencies insuring a more efficient use of these resources for our students.

The counselor is presently taking a course in individualized testing at Salem State in order to more efficiently diagnose specific disorders within the child's school setting.

A limited number of our children have been placed in schools which offer special curricula to meet their specific needs.

## RECOMMENDATIONS

Of prime importance is the establishment of Readiness Rooms in our schools. The curriculum in these rooms is designed specifically for those children who are of school age but are developmentally not yet ready for grade one curriculum. In connection with this request, the counselor attended the Gesell Institute in 1968 and 1969 and visited several school systems with readiness rooms.

Also, of prime importance, is the establishment of a study group to determine which type of special education classes are most urgently needed. Such areas as the emotionally disturbed, mentally retarded, physically handicapped, and intellectually gifted, among others should be studied. At present, our curriculum makes no provisions for special education. Our only recourse, when we find such children, is either to try and find a school which will accept them, or leave them in our classrooms because we cannot find a school for them. Needless to say, it is sound economy to educate children with specific learning difficulties so that they might grow up to be productive members of our society.

A great deal has been accomplished in the past year and we are gratified by the way our program has been accepted by the good people of Pelham. However, we are not content to rest on our laurels. We have an obligation to continually improve services.

This past year has been both gratifying and intellectually rewarding, and I look forward to continued progress in the area of guidance and counseling.

In closing, I wish to thank you Mr. Leavitt, Mr. Dolloff, Mr. Kontinos, Sister Gregory, the staffs of all the schools, and the school board for the support and cooperation so generously and freely given this past year.

Respectfully submitted,

ROLAND L. MAHEU  
Guidance Counselor

## LUNCH PROGRAM REPORT

January, 1969

Mr. Claude Leavitt  
Supt. of Schools  
Pelham School District  
Pelham, N. H.

Dear Mr. Leavitt:

Let's make this our biggest and best year in our lunch program history. Let us face the challenge of rising food costs, rising labor costs and growing school populations. We must meet them head on and solve them in the most efficient way possible, always keeping in mind "School Lunch Aids Good Health." The Type A meal pattern established to meet one third of the daily nutritional needs of the student should teach good nutrition as well as good food habits.

School lunch is a big business. Last year we spent \$22,243.20 on food and equipment alone to operate our program; \$6,777.81 wholesale value of food and a cash reimbursement of \$4,166.28 was received from the federal government, while our district appropriation was only \$7,080.00, and the remainder had of necessity to come from the thirty-cent charge to pupils. With participation in mind, we were pleased to report in December a daily average of 512 pupils. This brings us into the second highest group of school lunch programs in the state. New Hampshire boasts of one hundred and sixty programs serving three hundred and fifty eight schools with the following participation:

over 1,000	17
500	21
300 - 499	23
200 - 299	26
150 - 199	18
100 - 149	22
under 100	33

In 1969, the government is requiring a more extensive reduced rate and free lunch programs be offered to lower income families which will effect each program. I feel that the school district will have to assume a larger percentage of the operating costs for 1969-70, and through united effort, we will close another year "in the black."

We are once again indebted to the Pelham Police Relief Association for their generous contribution to free lunches, as well as the Parent-Teacher Association for purchasing ice cream for school picnics. The following women have offered their assistance to the program throughout the year: Dorothy Constantin, Claire Hanlon, Ruth Brock, Anna Bolduc, Debbie Buck, Lu Haldeman, Jean Robarge, Barbara Vitale, Phyllis Robertson, Phyllis Hogue, Mildred Lynch, Pauline Kopacz and Jackie Simpson.

My sincere thanks to the faithful cafeteria staff for the little extras they continue to give the program because of greater participation, crowded lunch rooms, tight schedules, extra hours, etc. Also, my thanks go to the superintendent, the school board, the office staff, and the principal for their cooperation.

Respectfully submitted,

VELMA L. HOULE  
Lunch Director

# REPORT OF THE HIGH SCHOOL STUDY COMMITTEE

January 4, 1969

TO: Members of the School Board and Citizens of Pelham

BACKGROUND - This committee was appointed by the School Board to study the existing conditions related to the needs of Pelham's high school students, to report their findings and to make recommendations.

Since its first meeting in June 1968, this committee has had meetings with similar committees from the towns of Windham, Hudson, Londonderry and Litchfield together with members of their respective school boards, as well as Superintendent of Schools Claude Leavitt, and members of the State Department of Education. It became immediately apparent that Pelham is not alone in its problems regarding population growth and needs for expanded educational facilities.

Of the various alternatives considered, the following four were given extended consideration:

1. Continuing on a contractual basis with the town of Hudson (Alvirne High School).
2. Entering into an AREA agreement with a neighboring town.
3. Establishing our own Pelham High School.
4. Entering into a Cooperative High School venture with neighboring town or towns.

FINDINGS - The five year contract now in effect with the Town of Hudson (Alvirne High School) expires in June 1969. A two year extension to this contract can be effected at Pelham's option. At the termination of this two year period (June 1971), the Pelham students who have completed one or more years at Alvirne would probably be permitted to complete their high school program there - with no new entrants being accepted from Pelham. Projected costs for this alternative are presented in the appended graph. If this alternative is pursued, other arrangements for high school classes must be made available by 1972.

The High School Study Committee and School Board of Hudson were requested to submit to Pelham's High School Study Committee and School Board a proposal for a new five year contract to begin in September 1969. A firm proposal cannot be presented at the time of this writing, since any proposal must have the approval of the voters of the Town of Hudson. Figures for tuition and other costs for other towns paralleling the Hudson-Pelham situation are being compiled. Cost of a typical contract is displayed on the graph.

The AREA (Authorized Regional Enrollment Area) is a long term contract under which one district agrees to send pupils to another. Districts remain separate. Sending districts pay tuition for each pupil at a rate determined annually according to an agreed upon formula. Incentive aid by the state is credited according to the articles of agreement. This general plan (AREA) was determined to be unacceptable because of its long term (20 years) contractual requirements.

The possibility of the town of Pelham's constructing and staffing its own high school is not feasible at this time for two fundamental reasons.

- a. According to State Department of Education guidelines, no town should consider establishing its own high school until its high school enrollment figures exceed 500 students. Projections indicate this figure will not be reached until after 1973.
- b. On the basis of currently available figures Pelham will be unable to bond itself sufficiently to build a high school until at least 1973.

The most reasonable alternative at this time appears to be that of embarking into a cooperative program with a neighboring town or towns. Logically, the School Board of the neighboring town of Windham was approached. This committee was advised that the high school needs of Windham are being met through a contract with Pinkerton Academy and that this contract has five years to run. The idea of Windham and Pelham forming a

cooperative high school district met with favor by all in attendance at this meeting, and a direct effect of this meeting was the appointment of a high school study committee by the Windham School Board.

At the time of this writing a meeting with representatives from the State Department of Education, Local Representatives to the General Court, School Superintendent, School Board members and this committee is planned. It is anticipated that this meeting will produce definite guidelines to assist this town in any decisions it makes concerning the education of its high school students.

ACKNOWLEDGEMENTS - This committee expresses its sincere appreciation to the School Board for their assistance and guidance, and special appreciation to Mr. Claude Leavitt for his deep concern in educational matters and the exceptional manner in which he unhesitatingly supplied us with requested background material.

Respectfully submitted,

JAMES O'HEARN  
DONALD PELTON  
ALEXANDER VITALE  
FREDERICK B. BISCHOFF, Chairman

ADDENDA

On Thursday, January 16, 1969, the High School Study Committee and the Pelham School Board met with the Commissioner and Assistant Commissioner of Education for the State of New Hampshire. As a result of this meeting, the following steps were recommended:

1. Pelham needs to buy time. If at all possible, a new five year contract with Hudson should be initiated.
2. The State Commissioner will approach Windham, Londonderry, and Litchfield with recommendations that they consider the possibility of entering into a cooperative regional plan with Pelham.

# DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

## SUMMARY OF FINDINGS AND RECOMMENDATIONS

January 23, 1969

The School Board  
Pelham School District  
Pelham, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Pelham School District for the fiscal year ended June 30, 1968, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

### SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

### FINANCIAL STATEMENTS

#### Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1967 and June 30, 1968, are presented in Exhibit A. As indicated therein, the Net Debt of the School District decreased by \$103,396.54 during the fiscal year ended June 30, 1968.

#### Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

#### Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements and appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1968, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net unexpended balance of appropriations of \$38,905.54, plus a revenue surplus of \$359.21, resulted in a net budget surplus of \$39,264.75.

#### Statement of Receipts and Expenditures: (Exhibit E)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1968, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of June 30, 1968, is indicated in Exhibit F.

#### Building Fund Account: (Exhibit G)

A statement of the Building Fund Account for the fiscal year ended June 30, 1968, is presented in Exhibit G.

#### School Lunch Program Account: (Exhibit H)

Exhibit H presents a statement of the School Lunch Program Account for the fiscal year ended June 30, 1968.

#### Statement of School Tax Account: (Exhibit I)

A statement of the School Tax Account with the Town of Pelham is presented in Exhibit I. As

indicated therein, as of June 30, 1968, the School District had received from the Town the total amount of the 1967-68 School Tax of \$599,764.67, plus an overpayment of \$14,431.43 on account of the 1967-68 School Tax. This overpayment is shown as a liability on the Balance Sheet at June 30, 1968. In addition, the Town paid the School District the balance of \$14,431.43 of the 1966-67 School Tax due the School District at July 1, 1968.

Statement of Long Term Indebtedness: (Exhibit J)

A statement of the outstanding long term indebtedness of the School District as of June 30, 1968, showing annual debt service requirements, is contained in Exhibit J.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$33,396.54, from \$5,868.21 to \$39,264.75, during the fiscal year ended June 30, 1968, as shown herewith:

	<u>June 30, 1967</u>	<u>June 30, 1968</u>
Total Assets	\$16,497.69	\$475,212.61
Current Liabilities	<u>10,629.48</u>	<u>435,947.86</u>
Current Surplus	\$ 5,868.21	\$ 39,264.75

Bonds Authorized - Unissued at June 30, 1968:

Authorized but unissued bonds at June 30, 1968, in the aggregate amount of \$415,000.00, were subsequently sold on July 15, 1968.

The proceeds realized from the sale of the bonds are to provide funds voted by the School District for the construction of an addition to the Memorial School.

Application of R. S. A. 33:3A Relative to Premiums & Accrued Interest Received on Sale of Bonds:

Attention is directed to the provisions of R. S. A. 33:3A, relative to the use of premiums and accrued interest received on the sale of bonds:

"R. S. A. 33:3A Use of Bond Proceeds  
 ----any premiums received shall not  
 be used to increase the amount to be spent  
 for the purpose for which the loan was orig-  
 inally incurred."

Accordingly, premiums and accrued interest received on the sale of bonds, as well as income derived from the investment of bond proceeds, may not be expended unless duly authorized by the voters of the School District.

Furthermore, the premiums received on the sale of bonds unless otherwise appropriated, shall have to be used to pay the principal of the bonds as they mature and interest (accrued or earned) will have to be transferred to the School District general fund as revenues.

Fiscal Accounting Records Prescribed for E. S. E. A. Title I Funds:

Regulations governing fiscal accounting records for "E. S. E. A. Title I" funds granted the District require separate accounts with accurate line item records of receipts and expenditures to be kept for each approved project. The use of separate purchase orders for the procurement of supplies and services, special vendor's invoices, as well as segregated vendor and payroll manifests are likewise required.

Accordingly, appropriate control and detail ledger accounts should be maintained for each individual program. These records should reflect the financial activities for the entire fiscal life of the program and are to be closed at the termination of project activities or after all obligations incurred have been discharged.

Disposition of unencumbered or unexpended funds should be clearly indicated on the records.

Payroll Manifests Not Signed By School Board:

A number of payroll manifests had not been signed by a majority of the members of the School Board as required.

RECOMMENDATIONS

The treasurer should maintain the cash book in the form prescribed by the State Tax Commission.

The treasurer should also adopt the use of the standard form of Note, Bond and Coupon Register, in accordance with the provisions of R. S. A. 33:12.

The records maintained by the School District for each non-revenue appropriation should at all times reflect total receipts and total expenditures, as well as the amount of unexpended funds available for completion of the project involved. All payroll manifests should be signed by majority of the members of the School Board.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that the summary of findings and recommendations (letter of transmittal) of this report shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Pelham School District for their assistance during the course of the audit.

Yours very truly,

O. Maurice Oleson  
Director  
DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

OMO:ple

Frederick E. Laplante, Auditor  
Charles E. Rainville, Accountant

January 10, 1969

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Pelham School District for the fiscal year ended June 30, 1968. In our opinion, the Exhibits presented herewith reflect fairly the financial condition of the School District on June 30, 1968, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

O. Maurice Oleson  
Director  
DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

Frederick E. Laplante, Auditor  
Charles E. Rainville, Accountant
