REPORT OF HEADMASTER

To the Superintendent of Schools, the School Board,
and Citizens of Pelham:

Herewith is submitted the annual report of Pelham
High School.

The registration in the high school as of September
4, 1940 was twenty-three. In January of 1941 we had
a registration of twenty-two, thirteen in Grade nine
and nine in Grade ten.

The curriculum for 1940-41 follows, the course as
usual alternating with the curriculum of last year:

English 10	50 min. per., 4 days per week
Algebra (or Gen. Math.)	" " " " " " "
History of Civilization	" " " " " " "
*French	" " " " " " "
*Civics	" " " " " " "
Fundamentals	30 min. per., as needed

*Elective

Last year our school presented a very successful
play, and this year we are planning a public speaking
contest similar to that of other years. This year there
has been no change in the club activities of the school.

We are appreciative of the hot soup which is served
at the school during the cold weather under sponsorship
of the local unit of the P. T. A.; of the new flush toilets
and running water in the building; and of a sizable gift
of books by a friend to the school library.

Our attendance record has been excellent again this
year. In spite of the prevalent illness we hope to keep
our attendance record for the year up to our usual high
standard, and we solicit the cooperation of parents to
this end.

The teachers wish to thank the superintendent,
school officials, school nurse and all those who have
contributed to the success of the school.

Respectfully submitted,

ROBERT W. GOOGINS,

Headmaster.

REPORT OF SCHOOL NURSE

Pelham, New Hampshire
January 31, 1941

To the Superintendent of Schools, the School Board,
and the Citizens of Pelham:

I present my report as school nurse from February
1, 1940 to February 1, 1941.

Number of pupils examined (three exam.)	519
Number of pupils having defective vision	9
Number of pupils having defective tonsils .	27
Number of pupils having defective teeth ..	28
Number of pupils having chicken pox	1
Number of pupils having mumps	3
Number of pupils having measles	13
Number of pupils having whooping cough .	14
Number of pupils attending dental clinic ..	21
Number of home visits	94
Number of school visits	224

We have had an increase in contagious diseases during the last year, the cases being scattered over the whole town. We have also had ten cases of impetigo during the year and these were also in different sections of the town.

A Dental Clinic sponsored by the P. T. A. was held in April, with transportation provided to Dr. T. J. Welch's office by a number of generous Pelham women. There was a small charge to each child for each treatment.

The P. T. A. sponsored the soup project again this year, and the children who can pay are asked to pay .02 for a generous helping, those who cannot afford to are given some free of charge.

The Red Cross furnished shoes, rubbers and clothing to those in real need.

At Christmas, a number of needy children were remembered by the Grange, and a number of charitably minded people.

Respectfully submitted,

ANNA M. HORSKIN, R. N.
