The Selectmen of Pelham, by this report wish to give in a few words, the condition of the Town.

As you know over \$3,000 was spent in conditioning and tarring the road on the South side of Island Pond, the Gibson Hill road was also put in good condition at a cost of nearly \$600. Due to the rising prices the highway maintenance and snow removal cost more than usual.

During the preceding winter the old snow plow cost too much for repairs, consequently the Selectmen have bargained for a plow to replace it.

The School tax was about \$4,000 more than the previous year, expenses due to high costs in every item of the budget were more than the estimates.

We ask the Budget Committee to consider not only what we need but the costs of all services that they propose in making up the budget.

REPORT OF SUPERINTENDENT OF SCHOOLS

Pelham, N. H.

February 10, 1949.

To the School Board and Citizens of the School District of Pelham:

This is the third annual report that I offer you concerning your schools.

The quality of instruction in your schools is good. An effort has been made to provide textbooks which are reasonably up-to-date in content and more attractive in form. The increase in interest value does much to hold pupil interest. It is our hope to continue to improve the teaching materials.

The transportation of pupils always brings problems. It has been pleasant to feel that nearly all have been solved for this year through awarding contracts which brought about the purchase of new, more adequate buses. The increase in number of pupils will not allow this condition to exist for a long time.

The increase in number of pupils makes another demand—for increased housing. The number in each of the upper grades has become too large to allow two grades to be seated in one room next year. We have come to the time when it seems necessary to try to plan for new school housing facilities. Because a better educational program can be developed with a single grade per teacher than in a multi-grade room, it seems wise to think in terms of a centralized school. Although building costs are still high, there are indications that more favorable conditions will appear soon. There is also a possibility that federal funds may soon be made available for construction. I venture to express the hope that favorable action will be taken on the proposal to build a four-room unit to be used with the present Junior High building as a central school. I believe that we should call attention to the possible waste in using funds to develop make-shift facilities to care for present needs while only postponing briefly the large expenditure to provide a more permanent solution of the problem.

REPORT OF THE SCHOOL NURSE

Pelham, N. H.

February 1, 1949.

*To the Superintendent of Schools, the School Board and the
Citizens of the Town of Pelham:*

I herewith submit my annual report as School Nurse, from

February 1, 1948 to February 1, 1949.

Number of pupils examined (3 examinations)	502
Number of pupils having defective vision	17
Number of pupils having defective hearing	3
Number of pupils having defective tonsils	13
Number of pupils having measles	33
Number of pupils having scarlet fever	1
Number of pupils having chicken pox	9
Number of pupils having pink eye	11
Number of pupils having impetigo	2
Number of pupils having pediculosis	8
Number of home visits	157
Number of school visits	150

At present we are getting over a slight epidemic of measles. It was in all sections of the town.

Last March, Mrs. Birchall, the T. B. Nurse of Nashua, N. H., and I put the Patch Test on 67 pupils of the Junior High School and 4 pupils were taken to Nashua for chest X-rays and I am happy to report, we have no active case of T. B. among our pupils.

In October, I had the pleasure of using the new Massachusetts Vision Test, that our Supervisory Union bought, on our pupils and I really feel that now we can find any eye strain or defective vision and our pupils can be advised to consult an oculist for further treatment.

The School Board has been having a drive against pediculosis and although we had a few cases in town during the year, I would like to thank the parents for helping to keep our children's heads clean, and if any one needs advice, I will be glad to give it to the best of my ability.

I would like to thank Mr. Canfield, the School Board, the teachers and all the parents who have co-operated with me in the past, and hope that they will continue to do so in the future.

Respectfully submitted,

ANNA M. HORSKIN, R. N.,
School Nurse.
